

## **AMMA 2013 National Conference**

More than 400 resources and construction-related executives converged in Melbourne at the AMMA 2013 National Conference to examine the complex workforce and industrial relations issues facing the industry.

One of the highlights of the conference was the presentation of the AMMA Industry Awards. Now in its 5th year, the AMMA Industry Awards program recognised individual and organisational high achievers in the resource industry.

Once again H.W. Holdsworth Recognition and Rewards were pleased to support AMMA and its members and provided the awards.

The Awards are handmade using many of the natural resources mined by AMMA's broad membership, the Awards showcase elements including copper, zinc, bauxite, chromium, ferrite, cementite, vanadium, manganese, tungsten and nickel in truly striking creations for the worthy recipients.

Award categories included:-

- Young Professional
- Australian Women in Resources Alliance
- Most Creative Recruitment Campaign
- Indigenous Employment & Retention
- Innovation in Training & Development
- Best Promotion of Regional Careers
